

## BERTAZZONI

### Master Series

#### 30 inch 5-Burner, Gas Oven

---

- STAINLESS
- MATT BLACK
- MATT WHITE

---

#### MAST305GASXE

This versatile counter depth size works just as well in a new kitchen design or with existing cabinetry. The cooktop has five burners including a dual-ring power burner of up to 19,000 Btu with separately controlled flames.

The 4.7 cu. ft. oven with a full width infrared gas broiler has two balanced air-flow convection fans to provide even heat distribution for single and multi-level roasting and baking on up to 7 levels. An edge-to-edge triple layer inner glass door maximizes the usable oven space and allows for easy cleaning. The smooth operation of the door is supported by soft-motion door hinges.

The elegant gauge ensures precise control of the oven temperature during roasting, broiling and baking.

This range includes a gas conversion kit for LP.

All Bertazzoni appliances integrate seamlessly into a complete design harmonized suite and create a beautiful kitchen ambiance with many cabinet styles.

Our products and packaging are 99% recyclable.
